

## UK ANTI-DOPING CONFLICTS OF INTEREST

It is essential that UKAD maintains the highest standard of integrity and reputation and fulfils the requirements of the 2021 World Anti-Doping Code. One aspect of this is that employees, Board and Committee members, DCP, National Trainers and other associates must declare any outside interests that they, or members of their immediate family and household, may have that could conflict with, have the potential to conflict with, or could be perceived to conflict with the interests of UKAD.

### **Examples of conflicts that should be declared:**

- Involvement in the participation or administration of a sport
- If you are related to, or involved in, the personal affairs of an athlete
- Involvement in the daily activities of a sport e.g. administration, coaching, training, officiating, competing, providing medical or other support activities
- Engagement in business with, having a financial interest in or a personal stake in a sport
- Involvement in activities which could draw, or are likely to draw, personal and/or professional gain
- Involvement in activities which could appear to have private or personal interests within a sport and/or with athlete(s)

Please provide full details of any memberships, involvements, or anything in line with the list above which are current or have expired in the last five years. If you have no conflict of interests to declare please select this option below.

**NB: If you are in doubt about whether something constitutes a conflict, please list this rather than omit it, and we can determine whether or not this qualifies as a conflict of interest.**
